

Dunedin Rudolf Steiner School and Kindergarten

Health and Safety Policy

Students and staff shall have a safe physical, emotional and spiritual learning environment.

Therefore,

(a) The *Principal* and *Kindergarten Supervisor* shall:

- Take reasonable steps to protect students from unsafe or unhealthy conditions
- Provide a smoke, non prescription drugs and alcohol free environment at the school or at school social functions attended by the children
- Provide privacy of personal documentation held on the premises.
- Ensure a risk analysis management system (RAMS) is carried out where and when appropriate in the School and Kindergarten

In addition,

(b) The *Principal* shall:

- Consult with the community at least once every two years on the health programme being delivered to students at the School.
